

Introduction

This document includes information on the objectives of the examination, a summary of its content, and the legislation and standards to be studied.

Examination objectives and presentation

Successful candidates may act as guarantors for construction work included in the following subclass:

1.1.1 Contractor – New residential buildings covered by a guarantee plan, Class I

This licence subclass authorizes construction work on:

- A detached, semi-detached, or row-type single-family dwelling, whether or not it is held in divided co-ownership;
- A multifamily building, from a duplex to a quintuplex, not held in divided co-ownership;
- A multifamily building with more than 5 dwellings owned by a non-profit organization or a cooperative, not held in divided co-ownership;
- It also authorizes construction work governed by subclasses 2.6, 3.1, 4.1, 5.1 and 6.1 of Schedule II when said work relates to a new residential building governed by this subclass.

Exam information

- Duration: 3 hours
- Passing grade: 60%
- Language: French or English
