

Exam information sheet

1.3 - CONTRACTOR – All buildings

Introduction

This document includes information on the objectives of the examination, a summary of its content, and the legislation and standards to be studied.

Examination objectives and presentation

Successful candidates may act as guarantors for construction work included in the following subclass:

1.3 Contractor – All buildings

This subclass authorizes construction work on any building, including those of subclass 1.2, and construction work on inflatable structures referred to in paragraph 2 of section 3.4 of the *Regulation respecting the application of the Building Act*.

It also authorizes construction work relating to a new residential building in this subclass, to the extent that the work is subcontracted on behalf of the holder of a licence in subclass 1.1.1 or 1.1.2.

In addition, this subclass authorizes construction work governed by subclasses 2.6, 3.1, 4.1, 5.1 and 6.1 of Schedule II when said work relates to a building or inflatable structure covered by this subclass.

Lastly, it authorizes similar or related construction work.

Exam information

- Duration: 3 hours
- Passing grade: 60%
