

CONSTRUCTION SITE SAFETY MANAGEMENT

EXAMINATION OBJECTIVE

Any individual who passes the examination can act as safety guarantor for all construction work in all licence subclasses.

INFORMATION ON THE EXAMINATION

- Duration: 1 h 30
- Pass mark: 60%
- Language: French or English
- Type of examination: Multiple choice

INTRODUCTION TO THE EXAMINATION

The *Construction site safety management (CSSM)* examination may cover the following subjects:

- prevention management;
- management of compensation claim files;
- assessment management;
- statutes and regulations;
- sustainable development.

To meet the requirements of the subject “Construction site safety management” it is necessary to:

- be informed about the statutes and regulations governing prevention and site inspection;
- know the Commission des normes, de l'équité, de la santé et de la sécurité du travail (CNESST) and its various rules and procedures;
- understand the role of different stakeholders in health and safety;
- know the rights and responsibilities of workers and employers;
- delimit the worksite, monitor the construction site;
- investigate incidents and be able to identify risks;
- integrate sustainable development concepts.

PREPARATION FOR THE EXAMINATION

To prepare for the exam, we recommend that you consult the **competency profile**. It describes all the skills and competencies that are expected of the guarantor and that may be assessed during the examination.

You will find the **competency profile** and other relevant information on our website:

www.rbq.gouv.qc.ca/en/licence/qualifying-eg-examinations/examinations/preparation-for-examinations/.

RESOURCES

You can also consult the documentation available online or in your local public, college and university libraries. Our staff can offer guidance in your search for relevant reference works. In addition, you will find information on the Régie du bâtiment du Québec website, as well as those of various organizations: the Commission de la construction du Québec, the Registraire des entreprises du Québec, the Commission des normes, de l'équité, de la santé et de la sécurité du travail, Revenu Québec and others.
